

NEW CORPORATE LOGO ANNOUNCEMENT

We are delighted to present the new company logo that embodies our journey and future outlook. It represents our principal identity as a chemical company, with a firm foundation in research bound by our core principles of reliability, quality, integrity, and sustainable profitable growth. Symbolizing our continual evolution for the last 30 years, the new visual entity will be a central element of our brand identity across all channels of physical and digital communications.

Old Logo

New Logo

Wordmark 'GFL' in bold portrays brand personality as reliable and robust. Angular incline illustrates our commitment to fast-paced growth

Green arrow with an upward swing depicts continual & sustainable progression

Company name connotes Fluorine Chemistry & Fluoro-products with diverse applications as our forte

Blue signifies our expertise as an advanced chemicals Company with firm focus on Research & Development

World map symbolizes our global footprints, presence in strategic markets & future outlook

Tagline emphasizes our commitment towards developing greener processes & products

We are positive that the new logo will embody the rationale behind this transformation further firming our core identity. As always, we appreciate your continued patronage and look forward to many more years of successful partnership.

Thanking You

Gujarat Fluorochemicals Limited
